### Welcome Letter

Welcome to the Minnesota Hunting Spaniel Association Spring Field Trial!

We would like to thank Major Ave. Hunt Club for the use of the grounds and facilities to make this an excellent event!

To the Spectators: Ethics and good sportsmanship require the hunter dispatch the game as quickly and humanly as possible. Sportsmanship also demands the retrieval of all shot game. To that end these dogs are trained.

This field trial is a competition, and a collection of the best trained and best bred dogs in the area. Three "series" are run with the dog. The first two are run in a "brace" which are two dogs running at the same time, one on each side of the Center line flags. The third series is one dog at a time. Some of the requirements to complete the "stake" and have possibility of placing are: Finding game by covering the course in an orderly manner, and using the wind to an advantage in the pattern of covering the course. The dog is not allowed to "poach" which is putting up game on the other side of the course. The dog must be "steady to flush" so when the dog forces the quarry to fly the dog waits for the command to retrieve, or continues on. The dog must be "steady to shot" so when a brace mate flushes a bird, and it is shot that dog waits allowing his brace mate to retrieve the bird. Most importantly the dog must retrieve to hand all shot game. Each time a dog fails to accomplish one of these tasks, it is dropped and only the dogs that have completed the above tasks move on to the next series. The third series are the best dogs of the day and the top four will place.

As you can see, this is all deeply rooted in hunting and you will see the important role a well trained and well bred dog plays in a quality and ethical hunting experience.

The group of spectators following the dogs in the field is called the "gallery" and in the gallery is the "field marshal" who announces the dogs as they come up to the "Line". They will also keep you in line. As live ammunition is used in a Spaniel Field Trial, it is imperative you listen to the Field Marshal's instructions!

You are welcome to join the gallery. Two rules apply: You must wear an item of blaze orange, a hat at a minimum (if you don't have orange ask someone and it will be loaned to you) and know where the line is so when you walk to the gallery you will not be interfering with the field trial. Again ask and someone will direct you.

Do not applaud or make unnecessary noise while in the gallery, especially when the dogs are working the course. All dogs entered must be on a leash when not running. Absolutely no dogs are allowed on the grounds which are not entered in the competition.

Enjoy the field trial!
